FROM THE DIRECTOR'S DESK

New Year Greetings to all!!!

Greetings to all of you on the eve of yet another New Year. Let us be grateful to the Lord Almighty for the blessings bestowed on us during 2025. I express my heartfelt gratitude to all our doctors, staff, patients and well wishers for the cooperation and patronage extended by them in 2025. I look forward to your continued support in achieving excellence and sustainable growth in the coming years also.

It is a matter of great satisfaction to note that our 3 hospitals have been moving from strength to strength, rendering service to our patients and society.

On 06-10-2025, **Lisie hospital** once again scripted history by airlifting heart of Shri. Amal Babu from Kims Hospital Trivandrum and transplanting it into the body of Shri. Ajmal (who had earlier suffered massive heart attack and heart transplant surgery was the only hope for his survival). On 06-01-2026, **laser angiogram** (which produces pulsed excimer radiation delivered to the target site with fiberoptic catheter technology) useful for minimally invasive interventional cardio vascular procedure was inaugurated. On 07-01-26 **BD FACS Lyric 3 laser 12 color model clinical flow cytometer analyzer** (which mainly helps in studying and grouping of cells, immunophenotyping and diagnosing diseases, thereby allowing for quick and accurate lab testing) was inaugurated. Lisie hospital is expanding by leaps and bounds as evident from the fact that new departments of 1) **Rheumatology** headed by Dr. George Kallarackal MRCP, CCST Senior Consultant Rheumatology, 2) **Plastic Surgery** headed by Dr. Sarat R.S. (M.S., Mch) and Dr. Smitha Nair, (MS. Mch), 3) **Endocrine and Breast Surgery** headed by Dr. Priyanka, (MS, Mch) and 4) Marketing department headed by Dr. Rohit Mathew have started functioning.

Lisie Cancer Center had successfully completed 500 contrast enhanced Mammography (CEM) studies since March 2024, thereby marking a significant milestone in advance breast imaging. In Radiation Oncology, LCC has introduced several advanced and unique treatment modalities which are available only in very few hospitals in our State such as Prostate Brachytherapy, Accelerated Partial Breast Irradiation (APBI) with excellent early outcomes, Celiac Radiosurgery, Total Marrow Lymphoid Irradiation (TMLI), and Endobronchial Brachytherapy.

Thus our hospitals stand as a beacon of hope and quality in healthcare, offering a wide range of medical services designed to meet the needs of our patients. With our state-of-the-art infrastructure and cutting edge diagnostic facilities coupled with a highly qualified and dedicated team of doctors and nurses we are committed to delivering world class healthcare and bring back hope to our patients. I reiterate that our mission transcends profit margins.

It makes me immensely happy to state that **Lisie Medicity** has been striving hard to stay ahead of times. To provide easy and hassle free access to our patients by avoiding traffic congestion, a **Link Bridge** connecting Kaloore Metro Station to Lisie Medicity will be functional within 3 months. It is noteworthy that such a bridge connecting a Metro Station directly to a hospital is the first such link bridge in our country.

We congratulate Dr. Mathew Philip, HOD, Gastroenterology department on his election as General Secretary, Indian Society of Gastroenterologists and Dr. Prakash Zacharias, Senior Consultant, Gastroenterology department as member, Governing Council of Indian Society of Gastroenterologists. We also Congratulate Dr. Jabir Abdullakutty, Senior Consultant, Cardiology department on his election as National President, Society for Heart Failure & Transplantation and Dr. Jo Joseph, Senior Consultant, Cardiology department on his election as Secretary, Cardiology Society of India, Kerala Chapter, and Dr. Shajahan OM, Consultant, Clinical Pharmacologist on his appointment as Advisor, Center for Patient Safety & Quality (CPSQ) State Advisory Committee Kerala.

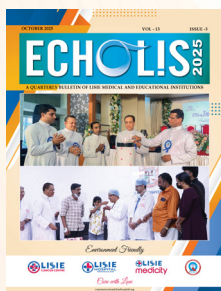

I am glad to note that academic results of all our educational institutions have been excellent. I congratulate the students and teachers for their exemplary performance. I also note that the teachers of our educational institutions are striving for excellence and are leaving no stone unturned to improve the quality of teaching to match global standards, by nurturing critical thinking, thereby preparing their students to navigate the complexities in modern hospitals.

May Lord Jesus Christ shower you and your family with unlimited blessings filled with lots of love, happiness and prosperity during this New Year.

May God Bless You All !!!

Inauguration and Blessing (06 January 2026)

On 6 January 2026, Lisie Heart Institute marked a significant milestone with the launch and blessing of the Philips NexCIMer Laser System- an advanced technology used for Excimer Laser Coronary Angioplasty (ELCA). This addition marks a significant step forward in the hospital's journey toward delivering cutting-edge cardiac care.

The newly installed system was formally blessed by the Director, Rev. Fr. Paul karedan and Joint Director Rev. Fr. Rojan Nangelimalil, invoking divine guidance for the safe and effective use of this advanced technology in saving lives. Their presence highlighted the management's strong support for continuous innovation and excellence in patient care. During the event, the Head of the Cardiology

Department, Dr Rony Mathew addressed the gathering and highlighted the importance and clinical value of the laser system. ELCA technology plays a crucial role in managing complex coronary artery disease, especially in cases involving heavily calcified blockages, in-stent restenosis, and lesions that are difficult to treat with conventional angioplasty techniques. By delivering controlled cold laser energy, the system helps in precise plaque modification, thereby improving procedural success and safety.

Introduction of this system will greatly enhance treatment options for patients with complex coronary conditions and further strengthen the department's capabilities in advanced interventional cardiology. The technology is expected to reduce procedural complications, improve outcomes, and position the hospital as a key referral center for advanced cardiac interventions. The launch of the Philips NexCIMer Laser System stands as a testament to Lisie Hospital's unwavering commitment to

combining compassionate care with state-of-the-art medical technology. With this new addition, the lisie heart institute continues to set higher benchmarks in cardiac care—guided by innovation, expertise, and service to humanity.

Inauguration Ceremony (LSON) (23 October 2025)

The Lisie School of Nursing, under Lisie Medical and Educational Institutions, Ernakulam, conducted the Inaugural Function of the 64th Batch of GNM Nursing Students on 23 October 2025, at 11:00 AM in the Lisie Auditorium. The ceremony began with a prayer song by the nursing students, followed by the Welcome Address and Course Introduction delivered by Rev. Sr. Renjitha C.S.N, Principal, Lisie School of Nursing. The function was inaugurated by Rev. Fr. Paul Karedan, Director, Lisie Medical and Educational Institutions, who also delivered the Inaugural Address. Rev. Fr. Davis Padannakkal, Assistant Director, Lisie Medical and Educational Institutions, offered felicitations. The Vote of Thanks was proposed by Ms. Bismiya Shukoor, Nursing Tutor, Lisie School of Nursing. The event concluded with the Lisie Anthem sung by the students. The theme “Our Nurses. Our Future. Caring for nurses strengthens economies.” beautifully captured the spirit of the nursing profession and the significance of the occasion, as Lisie continues to nurture compassionate and competent nurses dedicated to serving humanity with excellence and care.

The Inaugural Ceremony marking the commencement of the 24th batch of B.Sc. Nursing students was successfully held at the Lisie Auditorium on 03 November 2025 at 11:00 am. After the prayer song by 8th semester B.Sc Nursing students, the ceremony paused for a moment in silent prayer, which constituted a somber and important observation of solidarity and condolence to honor the memory of the recently bereaved father of Ms. Treesa Prakash, a student in the 24th batch B.Sc. Nursing program. Attendees were requested to raise which affirmed the community's commitment to support Ms. Treesa and her family during their time of immense grief.

The ceremony began with the welcome address delivered by Mrs. Shiya Jacob, Associate Professor and 1st year Class Coordinator of Lisie College of Nursing. The program was formally inaugurated by Rev. Fr. Dr. Paul Karedan, Director, Lisie Medical and Educational Institutions. Father delivered the main address, officially commencing the new academic year for the students and motivated the students to this noble profession with warmth and enthusiasm.

The gathering constituted by the newly admitted students and their parents, was felicitated by Rev. Fr. Davis Padannakkal, Assistant Director, Lisie Medical and Educational Institutions, and Capt. Icy Joseph, Chief Operating Officer and Chief Nursing Officer, Lisie Hospital. Prof. Dr. Usha Marath, Principal, Lisie College of Nursing, carried out the detailed Course orientation for the students, providing essential academic and institutional information.

The ceremony concluded with the vote of thanks, delivered by Mrs. Ginisha George, Assistant Professor, formally expressing gratitude to all participants and dignitaries. The eighth-semester students actively participated in the meeting as volunteers, ensuring the smooth conduct of the event. The Inaugural Ceremony was formally adjourned at 12 PM.

Arts Day (LCON) (22 November 2025)

The annual cultural extravaganza of Lisie College of Nursing, Arts Day "Thangostav 2025," was celebrated with immense zeal and creative fervor on 22 November 2025. The event served as a vibrant platform for students to showcase their artistic talents and cultural heritage. The program commenced at 3 PM with a soulful prayer song

rendered by the students of the 8th Semester BSc Nursing, invoking divine blessings for the success of the day. Following the prayer, Ms. Aiswarya Sajeev (8th semester BSc.N student) delivered the welcome speech, warmly greeting the dignitaries, faculty, and the energetic student body. The formal inauguration was performed by the Chief Guest, Rev. Fr. Davis Padannackal, Asst Director, Lisie Medical & Educational Institutions who

officially opened the festivities by lighting the traditional lamp. In his inaugural address, Father emphasized the importance of arts in the holistic development of nursing professionals, highlighting how creativity fosters empathy and resilience. A significant highlight of the session was the Prize Distribution Ceremony. Students who excelled in

various literary and cultural competitions held prior to the main event were honored for their achievements. The awards were presented jointly by Rev. Fr. Davis Padannackal and our beloved Principal, Prof. Dr. Usha Marath. The winners were greeted with thunderous applause, motivating the entire student community to strive for excellence.

Following the formal session, the stage came alive with the "Best of Thangostav" performances. To celebrate the top talents, the first-prize winners of the following categories were invited to perform : group song, monoact, group dance. The Kalathilakam title for the year 2025 was awarded to Ms. Anila P Shaji (7th semester BSc Nursing student) for her performance across multiple artistic categories.
